UCLA Blue and Gold Scholars

The UCLA Blue and Gold Scholars program is a year-long peer tutoring volunteer program sponsored by the UCLA Afterschool Program. Students who are selected will tutor their peers in various subjects two days a week afterschool; however, they may be asked to assist with other afterschool programs. Each student who successfully completes the program will receive: community service hours, a letter of recommendation, work-readiness experience and a favorable experience to add to their college application. They will be required to attend mandatory trainings and staff meetings, where they will learn how to conduct themselves in a professional work environment, problem solve in stressful situations and learn leadership qualities needed to succeed in and after high school.

The UCLA Blue and Gold Scholars program is a highly selective program. Each student must be screened and determined eligible before he/she is considered. The eligibility requirements are listed below:

- Must be a current Sophomore, Junior or Senior
- Must have an accumulative GPA of 3.0 or better
- Must be enrolled in Algebra 2 but Calculus is preferred
- Must be available two days a week from 3-6pm, including PD Days from 1:30-4:30pm

After receiving the applications, we will review each submission and schedule interviews for those most qualified for the position. After interviewing selected candidates, those chosen will be notified and invited to attend a welcome orientation.

If there are any questions regarding the application or selection process, please come by Room 504 to speak to Mrs. Jamie Garner and/or Valeria Nevarez or call the UCLA After School Office at (310) 280-1551.

Applications and Letters of Recommendation are due September 8, 2016 to Room 504.
