Attention all

Staff, Students, and Parents/Guardians

The School Experience Survey is here!

We need 100% participation in completing this year’s survey to get feedback on ways that Hamilton High School is a success and areas in which we can better support students.

Completing the survey is easy!

Students- You will take your surveys in your period two class on January 18th. Please bring a fully charged laptop to class on that day.

Staff- You will take your surveys with your students during period 2.

All other staff (and teachers without a period two class)- You will receive instruction on when and where you will complete the surveys.

Parents- Paper surveys will be sent home on Wednesday, January 18th, and should be returned to your child’s period 2 teacher. Parents can also complete the survey online. Parents are welcome to visit the Parent Center (Room 109) to complete the survey.
